

ADJUTANT GENERAL BLACK APPEARED BEFORE COMMITTEE

Tells Riot Investigators Had No Request for Troops

(By The Associated Press)
SPRINGFIELD, Ill., April 11.—Adjutant General Carlos E. Black, testifying this afternoon before the house committee investigating the Herrin rioting declared he "had not" ordered troops sent to the trouble area in Williamson county, or asked Governor Small to do so, because he had had no request from Herrin for the militia.

General Black, who was questioned for two hours by the entire committee asserted that at no time did Colonel Sam N. Hunter, his representative in Williamson county advise him that the situation was serious enough to warrant troops. He added that the colonel's report made July 5th, was based on hearsay, but under questioning admitted he had not ordered the alleged errors rectified.

After concluding the adjutant general's interrogation, the committee adjourned until 11 o'clock tomorrow with Colonel Hunter to be heard then. The colonel requested an immediate hearing in view of General Black's declarations and the committee members who favored adjournment until next week compromised on tomorrow morning.

Meeting at 2:30 p. m. the committee organized, selecting M. P. Rice, Democrat, secretary, and W. B. Phillips, Republican, vice chairman.

The other members are Frank McCarthy, Republican, chairman; Thomas Curran, Republican; Norman G. Flagg, Republican; W. L. Pierce, Republican, and Michael L. Igoe, Democrat.

Discussion in the house this morning caused in part by protests of newspapermen to Speaker Shanahan against private meetings of the committee, was followed by attempts by the Republicans this afternoon to exclude all but committeemen and witnesses, but Mr. Igoe insisted on open meetings and won.

It was decided that if it becomes absolutely necessary later to go into executive session that course may be followed.

Questioned at the start by the chairman, General Black stated his first knowledge of the possibility of trouble was on Monday, June 19, when he returned to his office here after a trip to Camp Grant and Logan and Waukegan, where Governor Small was on trial. Officers here told him that a newspaper report printed Saturday that trouble was expected near Herrin. Colonel Hunter had been at Herrin for several days and had been unable to reach the general at Camp Logan, and Waukegan, Mr. Black continued.

The adjutant general's story of the first part of the week was in part as follows:

At 11 a. m., Monday, he received a telephone call from Hunter who advised that the Southern Illinois Coal company mine, four miles from Herrin, had been using non-union men and that bitter feeling had resulted. Hunter informed Black that two companies of troops might be needed. Black told Hunter to advise the sheriff of the trouble and report that night. Hunter said no deputies had been sworn in and Black instructed him to advise as soon as troops were necessary. There was no further call from Hunter until 8:25 p. m., Tuesday. At that time there was no request for troops from Hunter who said there was no violence, that the

CURTAILMENT OF POSTAL INSPECTORS AUTHORITY URGED

Postal Employees Claim They Have Disrupted Service

(By The Associated Press)
WASHINGTON, April 11.—Postmaster General New was asked today by a delegation representing postal employees to curtail the authority of postal inspectors as a remedy for conditions within postoffices described as "worse than at any period in the past."

Specific charges that the postal service in Chicago and other cities was badly demoralized by the "abortive interference of inspectors who were not familiar with local postal needs" were filed with the postmaster general.

The delegation said Mr. New promised a thorough investigation. Among those appearing before Mr. New were former Representative Gorman of Illinois; Charles D. Duffy, resident of the Chicago Letter Carriers' association; George L. McDonald, secretary of the Chicago Letter Carriers' association; Thomas F. Flaherty, secretary-treasurer of the National Federation of Postoffice Clerks; Sol Cohen, president of the Chicago Postoffice Clerks' Union; Edward J. Gainer, president of the National Association of Letter Carriers and E. J. Cantwell, secretary of the National Association of Letter Carriers.

ILLINOIS SUPREME COURT UPHOLDS SOLDIER'S BONUS

Black Says Will Take Nine Months to Complete Payment

(By The Associated Press)
SPRINGFIELD, Ill., April 11.—Payment of the Illinois soldier bonus claims now in the hands of the service recognition board will take approximately nine months from the time payment starts on or before July 1. Adjutant General Carlos E. Black announced today following the decision of the Illinois supreme court upholding the bonus law.

The best record made in other states which paid a bonus was 1,000 claims a day, General Black said, and on the basis of comparison, he believes Illinois will be able to pay a greater speed a month. With an increased force and greater efficiency the service recognition board feels they will be able to surpass the best record of other states, General Black said.

The board expects to increase the present force of clerks as soon as the legislature passes an appropriation for the purpose and the work connected with the payment of the bonus will be expedited with a greater speed than has been possible heretofore, according to General Black.

General Black, who is secretary of the recognition board, asks that no one make requests for special favor as this would impede the orderly functioning of the bonus paying machinery.

"The rules adopted by the board provide that consideration and approval of claims will be given in the order in which they were received," General Black said.

"By this method all will be treated with the maximum fairness and the quickest possible payment will be made to all claimants."

Appreciate Support.

The loyal support that the veterans of Illinois have given the board is appreciated and it is felt that they will continue their assistance by not making requests for special favors for consideration of their individual claims, because no one would want, by having his claim considered out of its turn, to take advantage of his comrade or the beneficiary of a deceased comrade.

In its opinion written by Justice Stone and concurred in by the four other members of the court, the court dwelt at length on the contention that the bonus law commits the state to extending its credit for the benefit of individuals in violation of the state constitution. On this point the opinion said:

"The state uses its credit as a means of procuring those funds and if the only purpose of the act before us being private one for the benefit of individuals, the act comes within the prohibition of article VII of the constitution and cannot be sustained."

"If it can be seen, however, that the purpose of the act is one which the state may carry out, the fact that, as incident to its execution, individuals are benefited is not sufficient to make the act a private act for the benefit merely."

"If the purpose of the act in question is one which lies within the sovereign power of the state, the credit of the state may be used in furtherance thereof when the method prescribed by the act that individuals benefit thereby."

The court considered the payment of the bonus a moral obligation in state, holding that the soldiers of the World War were serving the state as well as the United States.

Woman Appeals For Abolition of War

(By The Associated Press)
DES MOINES, Iowa, April 11.—Methods for the abolition of war were outlined by Judge Florence E. Allen, of the Ohio Supreme Court, speaking here tonight before the National League of Women Voters. The steps proposed by Judge Allen to accomplish this are:

That war be outlawed and declared a crime, under the law of nations, and that its use as a means of settlement of disputes be abolished.

That a conference of civilized nations be held for the creation and codification of international law on the basis of equity and high justice.

That a court be established with jurisdiction over all purely international disputes as defined by the International Code.

"It is not possible nor necessary to abolish the causes of war before we make war illegal," Judge Allen declared. "We did not abolish jealousy, hatred, greed nor the other human emotions which give rise to killings before we made murder a crime."

"We have certain laws about war but none against war. There are laws as to how wars shall be made but they do not forbid war. The spirit which holds that killing is right, kills women as well as men, the old with the young, the little children, the sick as well as the sound, fails to regard

hospitals and uses of poison gas. There are atrocities of war but they pale into insignificance beside war which is the supreme atrocity."

Should Declare War a Crime

We should declare that war is crime against civilization and outlaw it as such. Such a law can be enacted by a simple conference or an universal treaty. And America, the first great nation to live in friendship with its neighbors, should call a conference to outlaw war, thru a treaty followed by a code convention to enact and codify international justice.

"The court's decrees must not be enforced by physical power—cannot force between nations by using force. The seeds of hatred sown in using force to repress war are just as evil as those sown in the war which the force was employed to repress."

"Laws are not enforced thru physical force only. They are also enforced thru public opinion. The better part of law enforcement is done thru public conscience. That is because real laws, which give a moral basis are the expression of the normal feeling of the community. This desire not to war will finally be the most potent force toward peace and hence we should express the law if for no other purpose than to release this force."

CONTROVERSY IS LIKELY BETWEEN ENGLAND AND U.S.

Comes as Result of Sale of Ship to Canadian Government

(By The Associated Press)
WASHINGTON, April 11.—Shipping complications of an extended character between the United States and Great Britain and her dominions are regarded here as not improbable as a result of a controversy between the Washington and Ottawa governments over the small vessels on the Great Lakes. The ships are purchased under contracts which stipulated that they should not be used in any manner which would violate the laws of the United States and for that reason they were refused registry by the Canadian government.

The particular language contained in the contracts and held objectionable by the Canadian government apparently with the backing of London, was drafted by the department of justice to prevent any purchaser of shipping boats from using them as run runners. The Canadian authorities notified Secretary of State Hughes they could not admit ships to Canadian registry which were subject to domestic laws of the United States.

An answer to the Canadian note handed to Sir Auckland Geddes, for transmission to the Ottawa government, contains a defense of the language employed by the shipping board and clearly states that the restrictions imposed upon operators of craft bought from the board are legal and enforceable from the American point of view.

Secretary Hughes' reply was based on opinions obtained by him from the department of justice, from Secretary Hoover of the commerce department and from other officials of the state department.

It was said to represent the belief of three departments in the right of the shipping board to continue with the sale of vessels, either to American or foreign citizens, under the form of contract now being used.

While officials of the British embassy declined to comment, there were indications tonight that the Canadian government would be equally firm in its determination not to admit any ship to Canadian registry that had been bought from the shipping board under the present terms of contract.

At the same time it was learned that the whole subject is under consideration at the old-fashioned foreign office and that a position similar to that of Canada may be announced soon by the British Empire. Such a development in effect extending to all the British dominions the prohibition already laid down by Canada from disposing of its surplus tonnage to any British subject, and if the example were copied by other nations might wipe out entirely the foreign market for American ships.

That contingency, however, American officials will not discuss in the present stage of the negotiations.

VIOLENT UPROAR TAKES PLACE IN ENGLISH HOUSE

Motion of Stanley Baldwin is Cause of Outbreak

(By The Associated Press)
LONDON, April 11.—Perhaps never since the days of Parnellite obstruction has such a scene of violent uproar been witnessed in the house of commons as that which today transformed the ordinarily placid and dignified chamber into absolute Bedlam. The disorders arose primarily out of the government's defeat by a small majority on a mere technical point last night.

Today Stanley Baldwin, chancellor of the exchequer introduced a motion framed to counteract this defeat only to meet with a storm unexampled in present day Parliamentary annals in the face of which the speaker, powerless to obtain a division declared the motion carried under closure and the house adjourned until tomorrow.

The Laborites clearly felt that they had a big stick to wield against the government in the interests of ex-service men, which was the question originally before the house. In this attitude the labor members are likely to receive the support of the whole laborite electorate.

Chancellor Baldwin's motion was that the house tomorrow resolve itself into a committee of supply so that the difficulty in which the government had found itself could be adjusted, but the opposition declined to take part in a division when closure was moved leading finally to the speaker declaring other closure motion and the chancellor's motion carried.

DISCLOSURE OF DISHONESTY IN VET BUREAU WORK

Predicted by General John F. O'Ryan Yesterday

(By The Associated Press)
WASHINGTON, April 11.—Disclosure of "dishonesty on a pretty big scale here and there" in the past handling of veterans' bureau affairs was predicted today by Major General John F. O'Ryan, special counsel of the senate investigating committee, who said he based his statement on a preliminary survey.

On the other hand he declared, he was impressed with the conscientious efforts made in many directions to carry out the purposes for which the bureau was created. Many of the difficulties encountered which brought about adverse criticism, he said, probably will be traced to incompetency of underpaid employees entrusted with the expenditure of the vast sums of money.

General O'Ryan expects the committee to begin hearings next week.

Complaints reaching the committee council cover most of activities of the bureau but the principal ones, General O'Ryan said, were those charging "graft" in the purchase of hospital sites and those from former service men who either have not received compensation from the bureau or who are receiving some, but think they are not getting a "square deal."

Forwards Complaint.

Wherever a clear case of injustice is shown, General O'Ryan said, he forwards the complaint to Director Hinds for action and in this way many faults are being corrected.

Complaints from individuals, the attorney said, have been divided into three groups; those of complainants having no case; "ordinary" cases resulting from an honest difference of medical opinion and those cases where the beneficiary lives in a remote locality, papers have been lost, compensation checks have gone astray, or maladministration is apparent.

To aid him in the shifting and investigating process, General O'Ryan said he had asked and was receiving the co-operation of the bar associations in every state. All papers especially those relating to complaints of "graft" he added are turned over to local investigators with the assurance that the truth would be developed.

SALOON KEEPERS HAVE LIQUOR LICENSES

(By The Associated Press)
MARINETTE, Wis., April 11.—All saloon proprietors in Oconto, Wis., have been legally licensed to sell pre-Volstead liquor for more than four years and the local official prohibition officials didn't know it. This was disclosed here today when Bert Kain, Oconto proprietor of a soft drink parlor who was arrested on a charge of moonshining produced a license similar in every detail to those issued prior to July 1918, when the law went into effect. He was freed.

According to Oconto officials who made a hurried trip to Marinette to uncover the error it was found that in renewing licenses to saloon proprietors in 1918 a mistake was made, the old license allowing the sale of wine and whisky being granted.

A general recall of all licenses issued to Oconto saloon keepers is expected to be made immediately.

VICE-PRESIDENT OF PENNSYLVANIA DIED WEDNESDAY

Death Comes Suddenly on New Jersey Golf Course

(By The Associated Press)
CHICAGO, April 11.—John Gilmour Rodgers, 58, vice president of the Pennsylvania railroad in charge of the Northwestern region with headquarters in Chicago died suddenly today while on the golf links at Camden, N. J., according to word received here.

Mr. Rodgers had been in ill health for some time and several weeks ago was given a leave of absence. E. T. Whiter, becoming acting vice president here.

Mr. Rodgers began work with the Pennsylvania as a rodman in 1882. In 1900 he became superintendent of the New York, Philadelphia and Norfolk railroad holding the position until 1909 when he became assistant to the general manager, later serving as general superintendent of the Northern division with headquarters in Buffalo, then as assistant to the president and finally coming to Chicago in 1920 as vice president in charge of the northwestern region.

BRIEFS

(By The Associated Press)
Washington, April 11.—Belief that it would be inexpedient for congress at its December session to undertake revision of the federal tax laws was expressed by Senator Smoot, Republican, Utah who is in line for the chairmanship of the senate finance committee after a discussion today of tax problems with President Harding.

Washington, April 11.—The right of the shipping board to sell its ships subject to the condition that they shall not be used by the new owners as run runners has been sanctioned by the state department in its reply to objections raised by the government of Canada.

Washington, April 11.—Views of republican senators who look with disfavor on some features of the administration proposal for American Membership in the permanent court of international justice were presented to Secretary Hughes today by Senator Watson of Indiana, one of the republican leaders in the senate.

Streator, Ill., April 11.—Mrs. Lena Plumb, aged 82, who died at her home here yesterday was one of the few women who have held office as bank president. She formerly was head of the Union National bank here.

Mrs. Plumb was a close friend of the late Francis Willard and one of the founders of the Willard Memorial hospital at Chicago.

Aurora, Ill., April 11.—The resignation of Charles J. Schmidt for 23 years cashier of the St. Charles National bank, caused a run on the bank yesterday. Lithuanian and Belgian depositors took out about \$15,000. Business men of St. Charles hearing of the run hastened to put additional deposits in the bank and today the run had practically ceased.

New York, April 11.—A sale of 4,000 tons of Cuban raw sugar to Canadian importers for May shipment at 5.85 cents a pound f. o. b. Cuba, a new high record price for more than two years, was reported today. This price is equivalent to 6 cents a pound, cost and freight. New York basis were at the rate of 5 1/2 c a pound.

Peoria, Ill., April 11.—Peoria's last old fashioned wooden awning has followed the hitching posts which were removed from Main street recently to the junk despite the failure of the attempt in the city council to change the name of Main street because it smacked too much of the small town. This awning was removed from the principal hotel on Jefferson avenue.

Clinton, Iowa, April 11.—Funeral service for the late C. D. May, aged 64 years, president of the Merchants National bank, who died Monday night, will be held tomorrow afternoon. Mr. May, a native of Belvidere, Ill., also was treasurer of the Clinton independent school district and a number of other public, semi-public and fraternal organizations.

Pontias, Ill., April 11.—The Ocoya death crossing claimed another victim last evening. Theodore H. Lommatsch, a prominent farmer of Pike township died this morning at the St. James hospital in this city, death being due to injuries he received when the automobile which he was driving was struck by a north bound Chicago & Alton passenger train at the south highway crossing at Ocoya yesterday afternoon.

DEATH PENALTY FOR CASPER PASTONI

(By The Associated Press)
CHICAGO, April 11.—The death penalty was imposed on Casper Pastoni alias Jack Skloff, today by a jury which tried him for the murder of Mrs. Elizabeth Wittich and her four year old daughter in his apartment last July. According to evidence introduced by the state, Pastoni shot and killed Mrs. Wittich and her four year old daughter and wounded a second daughter, Arathia, seven years old, then fired a bullet into his own head after Mrs. Wittich, who had gone to his home to see about renting an apartment had refused his advances. The seven year old daughter who was the only witness of the shooting testified for the state today.

NARCOTICS GO TO GOVERNMENT

Chicago, April 11.—More than half a ton of narcotics which has been seized by federal narcotic agents in Illinois, Indiana, Michigan and Wisconsin during the past six months was shipped to Washington today and will be turned over to the United States Commissioner of Internal Revenue for disposition. The amount seized was the largest during any six month period in this division according to federal agents.

TRIBUNE EDITOR GETS SERVICE MEDAL

(By The Associated Press)
WASHINGTON, April 11.—Robert R. McCormick, editor of the Chicago Tribune has been awarded a distinguished service medal for exceptionally meritorious services rendered during the World war as commander of a battalion of the fifth field artillery and later as a lieutenant colonel and colonel commanding respectively the 122nd and 61st field artillery.

The citation said Colonel McCormick "displayed rare leadership and organizing ability unusual executive ability and sound technical judgment, contributing materially to the successful operations of the artillery of the American Expeditionary forces."

AVERT THREATENED CARPENTERS' STRIKE

Chicago, April 11.—The threatened strike of 800 carpenters employed on municipal improvements was averted today when the city agreed to the scale of \$25 an hour asked by the carpenters district council, according to Harry Jensen, president of the council. Six carpenters were called off a municipal viaduct contract yesterday when others who were laid off were paid at the rate of \$1.19 an hour and others had threatened to strike unless the \$1.25 wage was paid.

CREDITS SIGNED RURAL

St. Paul, Minn., April 11.—Governor J. A. O. Proulx late today signed the rural credits bill passed by the present Minnesota legislature greatly extending the contract for farmers. The law was authorized by a constitutional amendment adopted in the last election.

Hoover Advocates Permanent Court

(By The Associated Press)
DES MOINES, Iowa, April 11.—American membership in the permanent court of international justice, organized by the league of nations, was advocated by Secretary Herbert Hoover, here tonight as an essential step in the direction of world peace.

Those who have opposed membership in the league itself, he said, need not hang back from participation in the court nor fear political entanglements thru its operation. He replied directly to criticisms by Senator Borah of Idaho, who he declared really wanted now to go "further" than the American people were willing to follow him. Secretary Hoover spoke before the annual convention of the National League of Women Voters and his address was the first detailed reply from administration quarters to those who have assailed the court proposal since it was laid before the senate by President Harding. It marked the beginning of the public debate in which most of the leading public men of the country are preparing to take part.

Senate Passed Its First Divorce Bill

(By The Associated Press)
SPRINGFIELD, Ill., April 11.—After a heated debate, eloquent and bitter at times, the senate today passed the divorce bill to be enacted by the present session.

Introduced by Senator Mason, Republican, Oak Park, it provides that one spouse may be granted a divorce after being infected by the other with venereal disease. The vote was 29 to 14.

Like another divorce bill considered a few weeks and now on third reading, the Mason measure occasioned much discussion constituting the only business of the upper house outside of introducing and advancing a few bills.

Herman N. Bundsen, Chicago, commissioner of health spoke more than an hour for the bill as the senate listened in committee of the whole. Senators who argued for the bill supported Dr. Bundsen's declaration that its passage would aid materially in the war on social diseases. Its opponents alleged it was unnecessary, would cast dishonor on women so divorced and cast reflection on innocent children.

Senator Denver, Democrat, Chicago, in attacking the measure, charged the solons with killing time and doing practically nothing of consequence.

"Do you think," he asked, "that the people back home will say 'well done, thou good and faithful servant'?"

Senator Glenn, Republican, Murphysboro, replied that after this measure's passage "we'll come back to work and pass Senator Denver's gambling bill."

The Chicago senator has a bill pending in committee to legalize horse racing and pari-mutuel betting.

In explaining his affirmative vote Sen. Jewell Republican Lewistown, said he favored more grounds for divorce than there now are. The bill on third reading is his. Senator Mills, Republican, Virginia, in voting for the measure expressed regret that the Wisconsin assembly had repealed the eugenic law.

Next Tuesday's Election
A number of weeks since several hundred of the friends of Mayor E. E. Crabtree signed the petitions which resulted in his re-nomination for the office of mayor. These petitions were circulated and filed without Mr. Crabtree's consent, but he decided to accept this challenge to public service.
Now it is the plain duty of these same men and women to see to it that Mr. Crabtree is elected next Tuesday and by a substantial majority. While a wonderful way Mayor Crabtree has had the united support of the people during his four years of office, it is inevitable that in such a period of time some opposition must be created. It is a well known fact that the appointments made by the mayor with the advice and consent of the council have been without any thought of building a political machine or seeking any future political preferment. Nevertheless it has not been possible to appoint all those who have sought positions, and some applicants for appointment and some of their friends have not been pleased.
The records of all cities go to prove that when public improvements are made that this must be done over the objections of a certain proportion of property holders. It is also true that needed public improvements always find their justification later on, but temporarily there are always those who are displeased because their views have not been followed.
Other reasons might be given why it is not possible to please all the people all the time. So it will not do for his friends of Mr. Crabtree to assume that he is going to get a 100 per cent of the vote cast. Instead they should bear in mind the different elements that enter into the average city election, and then make it their business to see that a big safe majority is given the candidate they know has given Jacksonville unselfish public service, of a quality that very few cities can boast.
The election is next Tuesday, April 17. The polls will be open from 7 a. m. to 5 p. m. and the polling places are as usual. A vote for Mr. Crabtree will be a vote for Jacksonville.

Future, can relieve the people, under the present system, from the oppressive burden of the tax-exempt bonds already issued.
The sales tax would abolish the very reason for their existence.
It would lift the tax-exempt burden, which now rests on the shoulders of the comparatively poor, and would cast it bodily into the discard.
It would distribute the taxes over a vast area, evenly and justly, and the rich and the very rich, who now escape, would have to pay their share.
An enormous burden may be lifted easily if the units of man power are increased sufficiently so that the proportion of each individual becomes a feather-weight.
This is effect of the sales tax system. Under it, even the heavy burden of the government could be collected, positively without any individual feeling it.
Millions of people would contribute practically without knowing it, but each would contribute a much smaller amount than he does now. Millions of people now are paying the present heavy taxes, but, unfortunately, few know that each contributes an excessive amount. The national budget committee, to which the New York World calls attention, has put taxation facts in a form which can be easily appreciated. It asserts that the average man living in the country works about 45 days of each year to pay his taxes; the average city man 58 days. This, as the World says, means that beginning bright and early today, April 3, and taking no time off except Sundays and memorial days, each of us, on an average will have worked out his taxes by sundown June 1. "I from now until sunset on June 1, every city wage earner would think for himself and say to his friends, 'I am still working out my taxes,' something might come of it."

BERTON BRALEY'S DAILY POEM
It Doesn't Last
By Berton Braley
THE foxy boys are numerous
Who dodge the felon-herder,
And who, in fashion humorous,
Can "get away with murder."
The deacon—they play with it,
And some folks call them clever;
But—they don't get away with it
Forever.
JUST when they reach the pinnacle,
These schemers, plotters, spoilers,
Who look in manner cynical
On plain, hard-working toilers,
They find they cannot stay with it,
Fate smashes their endeavor;
For they can't get away with it
Forever.
THE wicked sin most merrily
And seem to thrive upon it,
But in the end, yea verily,
They're swatted on the bonnet.
Right's right, so don't get gay with it,
For though your graft be clever,
You cannot get away with it
Forever.

SOPHS-JUNIORS WIN FIRST GAME

Take Boarding School Into Camp by Score of 5 to 3—Was Opening Game of Rount League

In a game marked by lots of excitement the Sophomore-Junior team defeated the Boarding school in the opener of the Rount

High school league yesterday afternoon by a score of 5 to 3.

Devlin pitched an excellent game for the winners holding his opponents to five hits. Gebert gave him good support behind the log and Wagner at third did some brilliant fielding, completing a double play unassisted, in the fifth stopping a Boarding School rally.

The Soph-Junior boys scored runs in the second and fifth and

put the game on ice in the seventh with three runs. The only runs of the Boarding School came when Guinane reached first on an error and scored ahead of Dollar when the latter hit for the circuit.

The score by innings:
Sophs-Juniors 010 010 300—5 8 5
Boarding000 000 200—2 6 8
Sophomore-Junior—Murphy, ss; Gaitens, 2b; Trahey, cf; Devlin, p; Gebert, c; Wagner, 3b; Norris, 1b; Kennedy, lf; Cleary, rf; Shannon, rf.
Boarding School—E. Guinane, 3b; Dolan, cf; Doyle, p; Dollar, ss; Flynn, 1b; McKavitt, c; Tisler, 2b; A. Guinane, rf; Langdon, lf.

Double plays—Murphy to Gaitens to Norris; Wagner, unassisted.

COACH BURNS IS STILL AFTER GYM

Coach Robey Burns was recently in Springfield to confer with Judge C. H. Jenkins of the state welfare department as to the possibility of obtaining a new gymnasium for the Illinois School for the Deaf. The coach has no intention of allowing the state to forget this matter, and it is hoped by boosters for the new gymnasium that the legislature will make an appropriation for it at the next session.

ILLINOIS DEFEATED BUTLER COLLEGE

CHAMPAIGN, Ill., April 11.—The University of Illinois defeated Butler College 5 to 1 in the season's first ball game here today, Jackson and O'Connor pitching effectively against the Pat Page nine.

Kuhl made two pretty catches in left field for Illinois. The score:
Club— R. H. E.
Butler ... 000 001 000—1 6 4
Illinois ... 040 001 000—5 9 4
Batteries—Illinois, O'Connor, Jackson and Robertson; Butler, Station and Hungate. Umpires, Moore and Young.

GO TO GET DEMPSEY'S SIGNATURE FOR BOUT

CHICAGO, April 11.—Mike Collins, of Minneapolis, Minn., representing 120 American Legion Posts of Montana that have offered Jack Dempsey \$200,000 to box Tommy Gibbons of St. Paul, at Shelby, Montana, July 4, left tonight for Salt Lake City, Utah, to meet Jack Kearns, manager of the heavy weight champion. Collins desires to get Kearns' acceptance or rejection of the offer, which expires Saturday noon. He said that Dempsey would be paid \$50,000 the moment he signs articles. In the event the match is not staged, Dempsey will get an additional \$50,000. Collins said. The \$200,000 guarantee to the champion has already been raised, according to Collins.

Eddie Kane, manager of Gibbons accompanied Collins to Salt Lake City. Kane has accepted the terms in behalf of the St. Paul heavyweight.

The proposed match is fifteen rounds to a decision.

MANY VISITORS VIEWING EXHIBIT SHOWING HERE

The fourth and last free exhibit for this year at the Strawn Art Home, including sixty-three oil paintings, twenty bronzes and seventeen miniatures, is proving very popular. Tuesday there was a large attendance and yesterday one of the first visitors was a Murrayville resident who brought the members of her Sunday school class and several other boys and girls, to see this beautiful free exhibit.

A few days ago there was a party from Manchester, so not only the people of Jacksonville are enjoying this most generous privilege of seeing the best work of women artists of the country, but also the people of the nearby towns are availing themselves of this opportunity.

The exhibit will be open every day this week from 2 to 9 p. m. and will close next Sunday, April 15, at 6 p. m.

SPEAKER AT ILLINOIS COLLEGE

Dr. R. V. Brokaw, county health officer of Morgan county, gave an interesting talk at Illinois college during the regular chapel period.

Dr. Brokaw, former student of Illinois Wesleyan university and graduate of a medical school is a man of wide experience and education. His subject was "The Fourth Dimension," which he handled in a masterly fashion. The meaning of the subject, which is suggestive of a mathematical proposition, is the application of all the learning acquired by the individual until he reaches the adult age.

He told of the many thrills in life and of the many opportunities at hand which we fail to grasp. He also gave illustrations showing how essential and necessary is self control.

The main idea brought out in his speech was that no matter how much learning one may acquire if it is not put into circulation by practical uses, it is absolutely worthless.

BAPTISTS IN MEETING AT NORMAL

The entire state of Illinois will be represented at the semi-annual meeting of the Board of Managers of the Illinois Baptist State convention which convenes today at Normal. The pastor of the Jacksonville Baptist church, Rev. A. P. Howells, is connected with the Department of Extension and Conservation, district particularly with the Church Edifice Section. Rev. Mr. Howells also represents the Morgan-Scott County Baptist Association on the State Board.

The meeting will include afternoon and evening sessions. The reports coming from all parts of the state indicate large gatherings and increased finances. The Northern Baptist convention year closes on April 30th, and every effort is being made to secure all delinquent pledges in time for the annual report at the Northern Baptist convention at Atlantic City, N. J., May 23-29. Illinois is a liberal contributor and invariably makes a good showing.

WOODSON HOUSEHOLD SCIENCE CLUB MET

Meeting Was Held Wednesday Afternoon at Christian Church—Other Woodson Items.

Woodson, April 11.—The Woodson Household Science club held a regular meeting Wednesday afternoon at the Christian church, Mrs. Howard Henry and Mrs. Stella Dean were the hostesses. The roll call was answered by "A Wild Rose and Time of Blooming."

The program was as follows: A paper, "Countries, States and Their Flowers," by Mrs. Edith Jones.

Piano selection, "Birth of the Flowers," by Mrs. Stella Dean.

Poem, "Poppyland Express," by Mrs. A. E. Powell.

At the close of the program came a pleasant social hour, when refreshments were served by the hostesses. The suggestion of spring was given in the decorations and in the refreshments.

News Notes

Mrs. Maude Rimbey of Murrayville visited relatives in Woodson Wednesday.

Mr. and Mrs. John Osborne of Zion neighborhood were callers here Tuesday afternoon.

The regular meeting of the Woman's Club has been postponed from Tuesday of next week until the following Tuesday, April 24.

WAVERLY YOUNG PEOPLE WED IN HANNIBAL

Waverly, April 11.—Word has been received here of the marriage of Miss Corinne Burnett and Mr. Pierce Jones, both of this city. The marriage took place last Saturday afternoon in Hannibal, Mo.

Last Saturday morning when Mrs. Burnett called her daughter and received no answer she went up to her room and found the following note:

Dearest Mother and Daddy—While you are fast asleep I am speeding onward with the man I love. When you see me again I'll be married, but happy. Don't worry about me.
Lovingly,
Corinne.

The bride is the only daughter of Mr. and Mrs. Sidney Burnett of this city. She is a senior in the Waverly Township High School, and has a splendid talent for music. The groom is the youngest son of Mrs. Belle Jones of this city. He owns the transfer from Waverly to Springfield, and the young couple is expected home soon where the groom will again take up his work.

CLEVER DANCER SOUGHT BY MOVIE REALM

The long arm of the movie realm has reached in vain for the services of Barbara Bronell, dancer with "Listen To Me," coming to the Grand Theatre next Monday night, April 16th. It was learned recently that this clever dancer had declined a flattering offer from one of the large moving picture companies, to appear in a series of pictures. But, despite the salary offered was greatly in excess of what Miss Bronell now receives, she decided to remain with the firm with whom she is appearing.

Miss Bronell, who is just out of her teens, went upon the stage almost immediately after graduating from college, having prepared for this chosen vocation by taking dancing lessons while attending school. She is a gifted artist and will be much in evidence in this new play.

BRADLEY BEGINS WORK IN EARNEST

PEORIA, Ill.—Practice was inaugurated in earnest at Bradley this week with the track and baseball seasons well on their way. Bradley meets Armour Tech of Chicago on the baseball lot Friday afternoon in the opening game and next Friday, April 20, the track men journey to Galesburg to compete with the crack Lombard team.

Besides organizing the baseball nine and assisting Track Coach Leo Johnson in developing a strong track aggregation, Coach Robertson is also busy arranging to receive and entertain the flock of high school athletes who are to appear here in the 18th annual Bradley Interscholastic track meet May 5. Over 50 entries have been received already and Coach Robertson expects between 20 and 30 other preps to turn in their names before the lists are closed.

Baseball prospects are unusually bright this season with a number of veterans back and a raft of brilliant newcomers on deck to choose from. Doubet, second baseman; Mariotti, shortstop; Landers, first baseman, and Dixon, outfielder, are all showing up surprisingly well and the chances are good for their appearance in the lineup against Armour Friday afternoon.

Bradley's baseball and track schedules are longer and harder than usual this spring and were it not for the extraordinary ability of the candidates, the Tech would be in a precarious position as far as its athletic record is concerned.

Telephone Talks

"PLEASE DO NOT BE IMPATIENT IF YOU GET THE 'BUSY' SIGNAL. THE LINE IS IN USE."

When a telephone is reported busy it means that somebody is already using the line with which you desire connection.

A busy telephone line is one of "life's little irritations." However reasonable we may be, we are inclined to resent the necessity of waiting until someone else finishes a leisurely conversation.

Not infrequently when a telephone is busy the line is in use by a child at home or some minor employee in an office who is taking advantage of the parents' or employers' absence to "visit" over the wire. Subscribers can help to improve their own service and that of all other subscribers by making reasonable rules governing the use of the service in their offices and homes.

Lasting Satisfaction in the Hupmobile

The National Y. W. C. A., in the interest of the health and comfort of its 400,000 members, made an exhaustive study of correct footwear for women. They reported in favor of a shoe which has (1) an inner sole line following the line of the foot; (2) room for the toes without crowding; (3) broad heel; (4) flexible shank allowing action of arch muscles.

All these are distinguishing features of Cantilever Shoes.

The Board of Police Surgeons made an independent investigation, and their report also recommends the "flexible shank shoe." The stiff shoe does not permit free play for the muscles, which become cramped, weak and wasted.

In contrast, a flexible shank shoe allows the foot to exercise and the arch muscles to grow strong.

Cantilever Shoes Correct fallen arches.

She Feels So Good

Since She Began Taking Dr. Carey's Marshroot Prescription for Kidney and Bladder

Read this extract from a very remarkable letter: "My mother suffered so much from kidney trouble, her body being so swollen she could hardly breathe. Her legs and feet were as large as three legs and they were so hot and burned so she kept them all summer in a pan of water. We read in a newspaper how good Dr. Carey's Marshroot Prescription was and got her a bottle. She soon began to get better and went down to her own size. Her legs went down too. She feels so good when she takes it. Her skin was so yellow but since she has taken Marshroot she is so white and looks so much better. We are all taken up with Marshroot for it has saved our mother's life, for her doctor said nothing could be done for her. She was 62 years old and was so filled up with water." (Mrs.) S. C. (Name and address on request.) Countless pages might be written regarding the wonderful merits of this remarkable prescription to which thousands—who are now living and enjoying perfect health which they owe to the use of this great remedy—can testify. All good druggists can supply you. (adv.)

Lasting Satisfaction in the Hupmobile

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction—with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

next report from Hunter was at 1 p. m. Wednesday, the information being that the colonel believed the citizens' committee was producing the desired results.

"Two hours later," said the witness, "he telephoned that he had reports of trouble at the mine, that he had advised the sheriff and that he thought the official could handle the situation. Later on in the afternoon I think between 4 and 5 I had a call from W. J. Lester, owner of the mine, who I think was at the Great Northern hotel in Chicago. He told me there had been trouble."

Asked later by Mr. Igoe if Mr. Lester had reported the killing of two union men, General Black said he could not remember, as it was hard to understand Mr. Lester over the phone.

"Immediately I called the commanding officers of Companies at Mt. Vernon, Cairo and Carbondale and told them to be ready for a call to go to Herrin."

The next information from Hunter, the general asserted, was at 6:30 a. m. Thursday. The colonel reported, according to Black that there was no need for apprehension, that he had been successful in arranging a truce between contending factions. Black told him to call back and Hunter did, the general said, with the information that everything was quiet.

Mother-To-Be, Read This

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in his science, has shown that it was he who first produced the great remedy, Mother's Friend.

Mrs. J. Hartman, Scranton, Pa., says: "With my first child, I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Write for free book, "Motherhood and the Baby," containing important information, and all about "Mother's Friend," to Dr. J. Hartman, Box 73, Scranton, Pa. "Mother's Friend" is sold by druggists everywhere.

RUNS MADE ON TWO CHICAGO BANKS

CHICAGO, April 11.—Runs on two Chicago banks, one starting yesterday when depositors became alarmed after the police responded to a test burglar alarm and the other beginning today when reports were circulated that another bank would make good deposits in an institution which recently failed had subside tonight.

The run today was on the West Side National Bank. A notice on the doors of the Sixteenth Street State Bank, whose closing several weeks ago was followed by the indictment of Samuel Maltz, its former president to the effect that depositors in the Sixteenth Street Bank would be paid by the West Side institution, caused depositors in the Sixteenth Street Bank and depositors in the latter institution, alarmed by the crowds about the place, immediately started to withdraw their funds.

Police reserves were called out to maintain order and money was rushed to the West Side institution from the Federal Reserve Bank while H. M. Sims, chief national bank examiner, and Thomas J. Healy, president of the bank, both issued statements that the bank was sound and that all depositors desiring their money will receive it.

TRACTION COMPANY COMPLETES EVIDENCE

(By The Associated Press)

CHICAGO, April 11.—Exhibits completing the evidence of about fifty public utility properties subsidiary to the Illinois Traction company and the Southern Illinois Light & Power company who desire to merge into a single corporation were filed with the Illinois Commerce Commission here today.

The commission will review the application which is expected to take considerable time before an order is issued. Today's evidence consisted of exhibits of descriptions of properties and securities of the various local properties, each of which has been constructed and financed separately and at different times by different corporations each of these separate corporations having financed itself.

The application proposes to absorb all these properties into the ownership of one Illinois corporation to have a capitalization of \$96,906,400. The consolidation however, will not result in an increase in the present capitalization of the operating companies, it was said.

Springfield, Ill., April 11.—Permission to construct and operate an electric transmission line from Danville thru Tilton and Catlin to near Georgetown, was asked of the Illinois commerce commission by the Danville Street Railway & Light company today.

What to Eat and Why
"Proteins" in Your Food Important for Tissue-Building

The Proteins in our foods are in charge of an important work for us. They are a necessary factor in building and maintaining the body-tissues. We need a certain, definite quantity of Proteins daily from our food—and the quality as well as the quantity of the Proteins is important.

Grape-Nuts includes the excellent Proteins of the wheat, and the supply of Proteins is supplemented by the cream or milk with which Grape-Nuts is eaten.

The Proteins in Grape-Nuts are combined with a very desirable form of carbohydrates (the grain starches) which are partially pre-digested through the long, slow baking by which Grape-Nuts is made. In its easy and quick digestion and assimilation Grape-Nuts helps prevent the unfavorable intestinal conditions which often occur from other sources of Protein supply and which greatly interfere with nutrition.

Grape-Nuts, with cream or milk, is a complete food, containing phosphorus, iron, calcium and vitamins—elements vitally necessary for the body's needs but often lacking in modern, "refined" foods.

You will find Grape-Nuts wonderfully crisp, savory and appetizing—a delightful part of any meal and an important aid to health and fitness.

Ready to serve from the package—order from your grocer today. Many savings to a package of this genuinely economical food. Grape-Nuts—the Body Builder. "There's a Reason." Made by Postum Cereal Co., Inc., Battle Creek, Mich.

MILITARY BALL TO INITIATE ARMOY

Howitzer Boys Plan for Opening of New Quarters on April 20. Plenty of Room for all Company Activities.

A military ball will be the main feature of the opening of the new armory of the local Howitzer company on the evening of April 20. Plans are being made for a very elaborate opening, and the new quarters are being put in shape with great speed.

The company is justly proud of its new home, with its spacious floor and will allow room for all sorts of company activities. In addition to the main drill hall, there are a number of large rooms, which may be used as club quarters and for the storing of military equipment. The company barracks occupy the entire second floor of the building, on East State street.

The sanding machine has been busy this week on the floor of the drill hall. All columns have been removed from the room, so as to leave no obstructions on the floor. After all finishing work is done, the floor promises to afford one of the best dancing pavilions in the city.

WILLS OF MISSES BOYCE FOLED FOR RECORD

FORMER TEACHER IS NAMED BEST SPELLER

Patient at State Hospital Spells Down all Coners in Big Match Wednesday Evening—Is Given Gold Medal for Victory.

Miss Bessinger, a patient at the Jacksonville State hospital, won the prize in the old-fashioned spelling match between the patients and the employees Wednesday evening. The affair was held in the amusement hall of the main building and was attended by a large crowd, and was given for the purpose of creating a better spirit of co-operation between patients and employees and furnishing a social entertainment for the latter.

The prize awarded to the best speller was a 14-karat gold medal. Miss Bessinger, the winner, was for twenty-five years a teacher in the Alton high school, before becoming a patient at the hospital here. Miss Bessinger spelled down the floor, consisting of two long opposing lines of patients and employees.

RUSHVILLE CITIZENS TO INSPECT PARK

A number of citizens of Rushville are coming to Jacksonville today to visit Nichols park and to inspect the municipal golf links. Several years ago Miss Scripps presented an 80 acre tract of land to the city of Rushville for park purposes, and another member of the family provided the money for a community building, which has been erected at the park.

James K. C. Pierson of this city is the architect and superintendent of construction. The Rushville men will be entertained here by Mr. Pierson and other Jacksonville citizens.

A third member of the Scripps family has provided the fund for landscaping and other improvement for the park and the whole project of park development will be of great benefit to the city of Rushville.

The Middle West Requires One-Third The World's Supply of Gasoline

NEARLY one-third of all the motor car registrations in the world are in the 10 Middle Western States served by the Standard Oil Company (Indiana).

This amazing fact—for it is a fact—is shown by these, the latest figures published by the National Automobile Chamber of Commerce:

World registration of motor vehicles (1922)	12,750,000
U. S. registration of motor vehicles (1922)	11,500,000
Percent of world registration owned in U. S.	90%
Motor vehicle registration in 10 Middle Western States served by Standard Oil Company (Indiana) (1921)	3,514,436
Motor vehicle registration in 39 other states of the U. S. (1921)	6,989,251
Percent of U. S. registration owned in the 10 Middle Western States	31%

And yet, in the face of these astounding figures, the retail price of gasoline is low in the Middle West. The reason for this is obvious.

The Standard Oil Company (Indiana) has six great refineries where gasoline is manufactured in sufficient quantities to meet the major part of this demand.

The process used in these refineries enables the Company to get from crude oil a large yield of good gasoline.

Throughout this territory the Standard Oil Company (Indiana) maintains an adequate and economical system of distribution, which enables it to maintain its established practice of selling its products at a price which is fair to all.

This Company's policy of fairness and its earned reputation for efficiency have enabled it to command ample capital for needed expansion of refinery facilities; for needed storage and equipment; for proper maintenance of tank wagon service and for a constantly increasing number of service stations, which permit the Company to deliver its products directly to the motorist.

The low price of gasoline in the Middle West is tangible evidence of the fairness, foresight, efficiency and skillful management which has put the Standard Oil Company (Indiana) in position to be of maximum service to the people owning one-third of the motor registrations of the world.

EXPERTS APPEAR IN BRADEN TRIAL

Dr. T. G. McLin, Assistant Managing Officer of Jacksonville State Hospital on Stand Most of Day—Dr. F. P. Norbury, and Dr. Hinton Appear for State.

The advisory hearing in the trial of O. E. Braden, self-confessed murderer of Clifford Garm and Jesse Lowe, will end today noon at Beardstown. Both sides came to this agreement yesterday, as the state has only one other witness, Sheriff Wright of Morgan county, who observed Braden while he was in jail here, following the crime.

The principal witness yesterday was Dr. G. T. McLin, assistant managing officer of the Jacksonville state hospital, who was on the stand from 9:30 in the morning until 2:30 in the afternoon. Dr. McLin was severely cross questioned by the state as to his opinion regarding Braden's sanity. The doctor maintained that the murderer was of sound mind.

Following Dr. McLin's testimony, the defense rested its case, and the state put Dr. Ralph T. Hinton and Dr. F. P. Norbury on the stand as refuting witnesses.

The hearing in progress yesterday and today is merely advisory to the court, as Braden has already entered a plea of guilty and the jury has been dismissed. The hearing is an effort on the part of the defense to induce the court to mitigate the sentence, which will be pronounced against Braden sometime next week.

DEPUTIES NAB MAN WANTED IN PEORIA

Earl Allen, who is wanted by Peoria police on a charge of failing to pay a board bill in that city, was arrested here Tuesday by Deputies Jones and Burch of the sheriff's force. Soon after being notified by Peoria authorities that Allen was supposed to be in Jacksonville, the officers located him at the Wabash station. He was employed in the restaurant at the station. Allen was arrested and lodged in the county jail. An officer from Peoria will come here this morning to take him back to that city for trial.

THE DAFFODILS (Mabel H. Goltz)

The sky was clear at early dawn. The sun arose, the air was warm, The garden where the flowers stay Was decked that morn in bright array.

The dew drop sparkled on the lawn, A million were each moment born, The daffodils in gay delight Were, as they knew, a gorgeous sight.

A robin dressed in gay attire, Was filling full his heart's desire, And he need wish for nothing more, For he wore, a swell pompadour.

And every youthful robin red, Who is by every fashion led, Is wearing now a pompadour, The daffodils so much adore.

Alas, within the garden gate, A dandelion had stayed of late, The daffodils said "Put him out" But he set up a little pout.

This dandelion was not good, And fell out with the brotherhood, But he was very, very fair, And had just lovely golden hair.

The youthful robin, so gallant, In dandy's head his beak did plant, And pulled a lock of golden hair, From dandy's little head so fair.

So robin red breast to this day, In memory of that affair, Wears lovely yellow on his beak, To show he helped the lassies' beat.

When night shades gathered over all, And wee birds listened to their call, The daffodils got out of bed, And listen, this is what they said:

"The dandelion is a weed And shall not in our garden feed," They gave him such an awful fright, That instantly his hair turned white.

The next day he behaved so bad, They said his case was grave and sad, And one and all they shook him so, That he was then quite bald you know.

Alas, the dandelion died, But not a daffodil ere cried, And they were glad that he was gone, For he did look, of, so forlorn.

NERVOUS WOMAN COMPLETE WRECK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound

Indianapolis, Ind.—"Now I want to tell you just what induced me to take your medicine. It seemed that I had some kind of weakness so that I could not carry a child its full time. The last time I was troubled this way I had a nervous breakdown and was a complete wreck. The doctor thought I would not live, and was a complete wreck. I have recommended the Vegetable Compound ever since, and if you could see me now you would think I had always been well."—Mrs. MARY F. HERRICK, 234 Detroit St., Indianapolis, Ind.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers and should be taken during the entire period. It has a general effect to strengthen and tone up the entire reproductive system, so that it will work in every respect effectually, as nature intends.

MAY DAY CELEBRATION PLANNED FOR WHITE HALL

White Hall, April 11.—The Good Fellows, the organization that so successfully carried out the community Christmas celebration last winter, is again in the limelight with a May Day celebration that promises to produce something new along this line and give new incentives and inspirations to the community.

The movement toward this consummation was given large impetus at an enthusiastic gathering in the city hall Tuesday afternoon, at which it was decided to have afternoon and evening programs on Tuesday, May 1, in Whiteside park.

The afternoon program will embrace a May pole and band concert, and will commence at 3 p. m. at which hour the schools will dismiss. A committee of business men was named to look after the general decoration of the city. The White Hall Music club will contribute its chorus of singers, and the only thing lacking in moulding a large and an enjoyable affair will be the attitude of the weather clerk.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

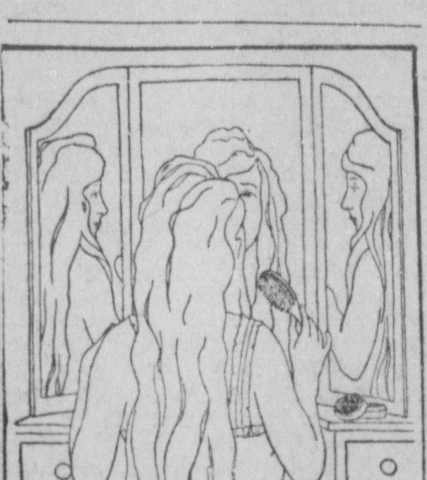

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them in 15c and 30c.

WESTMINSTER CHURCH IN ANNUAL MEETING

Reports Presented Showed Grati-fying Conditions in all Departments of Work.

The annual meeting of West-minster church was held Tuesday night. An excellent supper was served at 6:30 o'clock to which all members of the church and congregation were invited. The committee arranging for the supper included Mrs. W. C. Brad-ish, Mrs. G. C. Guthrie, Mrs. W. C. Rabjohns, Mrs. Gilbert, Mrs. H. B. Kamm and Miss Louise Holmes.

After the supper had been served prayer was offered by Dr. Thomas Smith and there was a brief service of songs. An elec-tion for certain officers was held. Dr. C. H. Rammelkamp, R. R. Stevenson and T. V. Archer were chosen elders to serve for a pe-riod of three years and C. B. Massey to serve one year.

Deacons chosen were H. B. Kamm and Stanley I. Davis.

The meeting had been previ-ously organized by the selection of John H. Russell as clerk and the tellers for the election were W. C. Rabjohns and H. B. Kamm.

Dr. Smith made a report for the year showing some increase in membership and a very healthy condition of activity in various departments of work.

The report of C. B. Massey as treasurer of the benevolence fund indicated total contributions for various benevolences of ap-proximately \$2,000. This sum did not include a fund given by Westminster members to philan-thropic causes outside the church.

Other reports presented were: Junior Endeavor Society—Robert Coultas.

Intermediate Christian Endeav-or Society—Mary Frances Breed-ing.

Senior Christian Endeavor So-ciety—Miss Alice Barwise.

Choir—Ida Belle Rabjohns.

Mission Band—Mary Margaret Brady.

Boy Scouts—Dr. Smith.

Men's Brotherhood—W. C. Rab-johns.

Guild—Mrs. H. B. Kamm.

Woman's Foreign Missionary Society—Mrs. Ensley Moore.

Ladies Aid Society—Miss Jes-sie Holmes.

Sunday school—Miss Marion Updegraff.

Church Treasurer—Mrs. C. B. Massey.

Board of Trustees—Frank Elli-ott.

The necrology report was pre-sented by Mr. Ensley Moore, ap-propriate reference being made to Professor J. H. Rayhill, Mrs. George Tremblett and George C. Guthrie, members of the church who passed away during the year. All the reports were of a kind to show that Westminster is actively carrying on and that all of the organizations are doing good work.

NURSING DEMONSTRATION FEATURE AT HIGH SCHOOL

The first nursing demon-stration ever given in Jacksonville will be presented by the student nurses of Passavant Hospital School for Nurses Thursday eve-ning in the High School auditor-ium.

These demonstrations are be-ing featured by the best nursing schools in the larger cities, and show part of what the schools teach the student nurses and il-lustrate the fact that a nurse's training school has just as defi-nite a course of study as any other school or college.

It also gives the public some idea of what a good nurse should know and what nursing care they should receive in their homes and in hospitals. The best efforts of physician and surgeon may fail if not supported by the nursing technique adapted to each pa-tient's needs.

Among other features demon-strated will be making of bed for rheumatism and anesthetic patients, giving bed shampoo, and changing mattress with pa-tient on it. Both living models and a mannikin will be used. Harold May, Donald Duncan, James Merrill and John Russell will be subjects for bandaging.

The graduate nurses will act as ushers and all are invited to see this demonstration Thursday, April 12, at 8 p. m.

SAVINGS & LOAN ASSOCIATION MET

The regular monthly meeting of the executive board of the local Savings & Loan association was held Tuesday at the Chamber of Commerce. Routine business was transacted. The report of the state auditor, who recently finished the examination for the association's books for the past year, was accepted. The auditor found the affairs of the associa-tion in excellent shape.

Plans are under way for new loans on prospective homes in the city, to the amount of about \$10,000. The loans will average about \$3,000 each.

ROBBERS UNDER BOND

Clint and Charles Jackson and Homer Stone, who were identi-fied as the negroes who held up and robbed Marion S. Granville Tuesday night, were arraigned before Squire C. O. Bayha Wed-nesday and placed under bond of \$500 each for their appearance Friday at a preliminary hearing. Failing to give bond, the men were lodged in the county jail.

PHILLIPS HOME IS PARTIALLY BURNED

A disastrous fire partially de-stroyed the residence of Mr. and Mrs. Wood Phillips at No. 6 Dun-can Place Wednesday morning. Mrs. S. M. Miller and her daugh-ter, Mrs. Phillips, were about to leave the house, when the former discovered the blaze in the upper story. Firemen hurried to the scene and did good work, but the entire second story was destroyed and the first floor rooms ruined by water.

Persons who reached the burn-ing house in time, succeeded in saving most of the furnishings, the clothing in closets on the sec-ond floor was destroyed. The fire is believed to have caught from defective wiring or from a spark from the flue. Several streams of water were turned on the roof, but this could not be saved. The loss which is well covered by insurance, will run in-to the thousands of dollars.

The property is owned by the estate of the late Mrs. James K. Wood, and is leased by Mr. Phil-lips.

Why it's better

Ideal Better Breads

An absolutely equipped bread making plant, from the giant mixers to automatic wrapping machines, cuts down waste—allows us to use richer ingredients, including a liberal amount of whole cream milk and good yeast which provide vitamins, tissue building properties, calories of energy. Perfected formulae, plus these ingredients, give you the true wheat flav-or, soft, firm slices and generous loaves.
